I am not working solely for emergency. So, I'm going to stay with my regular sign in sign out, earn credit hours in regular time. On Saturday and Sunday, I am strictly working emergency, and I will bill to those funds as needed. Hope this makes sense! After Tuesday, all emergency work for me should almost come to a halt. This is short-lived, for me.

She will not be able to assign SF accounting to credit hours. She probably should charge all time to the SF site.

Hi Peggy:

Carmen Assunto has been working since Saturday on the Superfund Hazardous Spill. Superfund sent her sign in sheets for the week end.

During the week, does she use DFS with credit hours up until 10 hours or 6:30 pm and then overtime hours after 6:30 pm?
